Portfolio holdings are subject to change and should not be considered a recommendation to buy or sell individual securities. Investors should carefully consider investment objectives, risks, charges and expenses. This and other important information is contained in the fund prospectus which should be considered carefully before investing. Click here to obtain the prospectus or call 888.622.1813. Past performance is not a guarantee of future results. All data is in U.S. dollars unless otherwise noted. The Fund invests in gold and other precious metals, which involves additional and special risks, such as the possibility for substantial price fluctuations over a short period of time; the market for gold/precious metals is relatively limited; the sources of gold/precious metals are concentrated in countries that have the potential for instability; and the market for gold/precious metals is unregulated. The Fund may also invest in foreign securities, which are subject to special risks including: differences in accounting methods; the value of foreign currencies may decline relative to the U.S. dollar; a foreign government may expropriate the Fund's assets; and political, social or economic instability in a foreign country in which the Fund invests may cause the value of the Fund's investments to decline. The Fund is non-diversified, meaning it may concentrate its assets in fewer individual holdings than a diversified fund. Therefore, the Fund is more exposed to individual stock volatility than a diversified fund. © 2026 Sprott Inc. All rights reserved.
